**LETTER OF INVITATION  
FOR HOSPITAL TREATMENT  
ESTIMATED INVOICE**

To Whom It May Concern

**Leona Zajsek, \*15.05.2007**

This is to confirm that we accept the above mentioned patient for treatment in our University Children's Hospital in Freiburg, Germany.

Leona Zajsek was diagnosed with JMML (juvenile myelomonocytic leukemia) in Zagreb. Allogeneic haematopoietic stem cell transplantation is the only curative treatment for this disease, and fortunately the patient's sister qualifies as donor. We would be able to accept Leona for treatment in Freiburg once coverage of the cost for the treatment is guaranteed by either

a certificate of the patient's health insurance company about the coverage of the cost for allogeneic stem cell transplantation

or

a pre-payment of the estimated cost of treatment of 200.000 Euro

This prepayment should be transferred to the following account:

**Sparkasse Freiburg - Nördlicher Breisgau –**

**Account number:** 2004406, BLZ 68050101

**IBAN:** DE08680501010002004406 **BIC:** FRSPDE66

**Subject:** Leona Zajsek (Wunderlich)

**Owner of the account:** University Hospital Freiburg

The administration of the University Hospital will acknowledge the receipt of the pre-payment. Final costs might be higher than this pre-payment. Total costs will depend on the treatment provided and on the length of the hospital stay. If the final cost is higher than the pre-payment, the patient will be responsible for the difference. A final invoice will be provided.

Please transfer only Euro, the transfer of dollars will cause a long delay.

Please confirm by e-mail that you have received this information.

If there are any further questions, please do not hesitate to contact us.

Sincerely yours,

Prof. Dr. C. Niemeyer  
Medical Director
